

Launch of SupremeSAT - I

Freemusic.lk

SupremeSAT, the first and only satellite operator of our nation, lifted off **SupremeSAT-I** into orbit in 2012 November from the Xichang Satellite launch center in China. USD 215Mn orbit delivery agreement was signed to launch **SupremeSAT-II** in 2016.

Taking the Sri Lankan space industry to greater heights, Construction of Satellite Earth Station in Kandy to control the fleet of satellites was assigned to Industrial & Commercial Developments (Pvt.) Ltd. Construction is planned to be completed in September 2014.

With technological assistance from China Great Wall Industry Corporation, Satellite Earth Station with its state of the art systems and electrics is designed by Archedium (Private) Limited with a team of dedicated Sri Lankans.

Once completed, the Earth Station will be opened for general public as well to learn and explore space technology.

Satellite Earth Station at Kandy
